INTERNATIONAL TRAUMA LIFE SUPPORT (ITLS)

Course Description

This 2 day course is designed for the First Responder, EMT-B, EMT-I, EMT-P, RN or MD with a background in emergency care. The objectives of this course are to teach uniform rapid assessment, management, stabilization and transport of the trauma victim. Emphasis is placed on recognition of critical situations that cannot be managed in the pre-hospital setting.

This course provides a practical “hands on” approach to managing the trauma victim.
