MEMORANDUM

To: Transport Agencies

From: Dylan Ferguson, Paramedic, B.S., CHEP, L.I.
Director

Date: 02/26/2018

Subject: ABMC Repairs

We were notified from ABMC facilities that there will be some work being done on their campus on 03/07/2018 that will affect the way that EMS should access the ABMC campus. Beginning March 7th all EMS traffic will need to enter via the Apple street entrance, or the Franklin street entrance.

Advocate will be undertaking an underground water line repair. There is not an estimated completion date for this work. When we are notified that the work has been completed we will send another memo.

We have attached a PDF map that outlines the project and the closure. Any questions can be directed to Dylan in the EMS System Office.
