MEMORANDUM

To: System Members

From: Dylan Ferguson, Paramedic, B.S., L.I.
Director

Date: 12/22/2017

Subject: Call for Registry Instructors

The EMS System is looking to add to our staff of EMS instructors. Our instructors primarily teach continuing education courses. However, depending on comfort level we also occasionally use them in initial education programs as well.

We have openings for both BLS and ALS providers who are interested in teaching. While there are no specific experience requirements, individuals with at least 3 years of experience at their licensure level are most desirable. Teaching experience is a plus, but it is not required.

Instructors are paid \$25.00/hour for teaching and are given a mileage stipend based on distance of the class from the EMS office.

If you are interested in teaching for us, please fill out the attached application and return it to us here in the office. You can email it to Sandy, or can fax it to 309-808-4235.

Being an educator can be very rewarding and with being an independent contractor you can sign up for as many or as few classes as you like. If you're interested, we look forward to hearing from you
