## MEMORANDUM

**To:** Transporting Agencies, Non-Transporting Agencies, 911 Centers

**From:** Dylan Ferguson, Paramedic, B.S., L.I.  
Director

**Date:** 07/15/2015

**Subject:** **Formation of Affiliate Advisory Council**

---

Collaboration and communication between agencies and the EMS system is something that is extremely important. It is only through a free exchange of ideas in a safe no fault environment can we ensure that our system is continuing to perform at a level deserving to all of the communities and patients that we serve.

It is in that spirit that I am looking to form an affiliate advisory council made of representatives from the different affiliate agencies throughout the system. I hope that this council will help continue to foster the strong relationships that have been formed between the system and all of the agencies. It is my vision for this council to meet quarterly and during a time that is convenient for all of the agencies.

If you or a member of your agency is interested in participating on this advisory council I ask that you contact me at [dferguson@mcleancountyems.org](mailto:dferguson@mcleancountyems.org) by **August 15<sup>th</sup> 2015**. Once the council has been named the first meeting will be scheduled. Minutes from those meetings will be made available on the system website [www.mcleancountyems.org](http://www.mcleancountyems.org) Any representative other than an agency chief/administrator will need to be approved by their agencies chief/administrator.

I look forward to increased collaboration and continuing to move forward as a system together.
