FROM: Greg Scott  
EMS Coordinator

SUBJECT: NEW PROTOCOLS' QUIZ

The McLean County Area EMS System now has the new "Field Treatment Protocols" approved and on our Website – [www.mcleancountyems.org](http://www.mcleancountyems.org). In order to make sure that everyone is onboard and familiar with these new protocols, a "quiz" for each level (Basic, Intermediate, Paramedic, and ECRN) has been developed. The quiz will be on the website by September 15, 2006.

Any of your Squad members whose license fall into one of the above level categories, is required to take the quiz. We have enclosed a master copy of each that pertains to your Agency. Please make copies for your Squad members or have them download off the website, have them take the quiz and return it to you. Once you have collected them all, please return them to the EMS Office no later than Friday, October 13, 2006.

Please post this for all your EMS personnel and if you need a "master" copy that did not get sent, please don't hesitate to call the office and we will get you what you need.

Thank you.
