MEMORANDUM

TO: McLean County Area EMS System Participants

FROM: Gregory Scott, R.N., B.S., EMT-P
EMS System Coordinator

DATE: October 20, 2006

SUBJECT: New EMS Protocols and McLean County MCI Plan

Please find enclosed a copy of the new McLean County Area EMS System protocols and the McLean County MCI plan for each of your agency's vehicles. It is important that there is a copy of each of these documents placed on each EMS non-transport and transport vehicles to serve as a resource during emergencies.

Please remind your personnel that the new protocols will become effective at 00:01 a.m. on November 01, 2006.

The development of these documents has been a lengthy process, but hopefully we can continue to move these projects forward in the future. If any of your personnel identify areas for improvement, please forward those ideas to the EMS System office for future revisions.

If you do not receive enough copies of these documents to place one on each of your agency's EMS response vehicles, please contact the EMS office at (309) 827-4348 to request additional copies.
