TO: Mclean County Area EMS System Agencies

FROM: Lisa Wright, PHRN
EMS Education Coordinator

DATE: December 11, 2007

SUBJECT: EMS System Entrance Skill Evaluations

In order to streamline the system entrance skills competency evaluation process for EMT-Intermediate, EMT-Paramedic and PHRN personnel, the Mclean County Area EMS System will implement some minor changes in 2008. Beginning January 01, 2008, the EMS System will conduct monthly system entrance skills competency evaluations. Unless otherwise noted, all entrance skills competency evaluations will be conducted on the last Wednesday of each month from 8:00 a.m. to 4:00 p.m.

It will be important for new individuals that desire to begin functioning within the McLean County Area EMS System to contact the EMS office as soon as possible to begin the application process. Agencies may direct new personnel to www.mcleancountyems.org to download the system entry requirements that are located under the "System Information" tab. Individuals may submit their completed application and attach copies of all applicable licenses/certifications and arrange for a time to challenge the written EMS System protocol exam. Once these steps have been successfully completed, the individual may contact the EMS office to arrange a specific time slot for the next scheduled skills competency evaluation session.

If you have any questions, please do not hesitate to contact me at (309) 827-4348.
