

Proposed Response Configurations by Triage Level

Level 0 - (Surveillance Only) - Normal Response Mode

Level 1 - (Low Triage) - System experiencing higher volumes, but can sustain

Level 2 - (Moderate Triage) - System experiencing higher volumes, burden to system

Level 3 - (High Triage) - System is experiencing significant volume, cannot sustain

		Rural Agencies	Normal Fire	Bloomington Fire
ALPHA	Level 0	Standard Response	Standard Response	Standard Response
	Level 1	EMS Providers recommend refusal for low acuity	EMS Providers recommend refusal for low acuity	EMS Providers recommend refusal for low acuity
	Level 2	EMS Providers recommend refusal for low acuity	EMS Providers recommend refusal for low acuity	EMS Providers recommend refusal for low acuity
	Level 3	If BLS (or higher) non-transport available, respond alone. If no BLS non-transport available, send ambulance. Recommend refusal for low acuity patients	Alt. Non-transport vehicle, either BLS or ALS respond. Request ambulance if needed. Recommend refusal for low acuity patients	Alt. Non-transport vehicle, either BLS or ALS respond. Request ambulance if needed. Recommend refusal for low acuity patients
CHARLIE	Level 0	Standard Response	Standard Response	Standard Response
	Level 1	Standard response. EMS Providers recommend refusal for low acuity	Standard response. EMS Providers recommend refusal for low acuity	Standard response. EMS Providers recommend refusal for low acuity
	Level 2	Only ambulance sent, no fire apparatus sent unless ambulance is responding out of district or is requested by ambulance personnel	Only ambulance sent, no fire apparatus sent unless ambulance is responding out of district or is requested by ambulance personnel	Only ambulance sent, no fire apparatus sent unless ambulance is responding out of district or is requested by ambulance personnel
	Level 3	If BLS (or higher) non-transport is available in district, it will be sent alone. If no BLS non-transport exist, ambulance will be sent	Fire apparatus sent alone. Will request ambulance if needed. Recommend refusal for low acuity patients	Fire apparatus sent alone. Will request ambulance if needed. Recommend refusal for low acuity patients
